

## Momentum Trips: What to Pack

### Basic Travel Items for Women and Men

Dress is generally informal in Israel. The summer months are hot and humid, although in Jerusalem it tends to be drier. In the fall and winter, temperatures are cooler, but can vary widely. Rain is more common on fall and winter trips. We suggest that you bring comfortable, easily laundered clothing.

Comfortable walking shoes or sneakers are a must- especially on *Shabbat*, there will be a lot of walking. A light jacket or sweater may be needed as Jerusalem may get cool at night. Expensive watches, jewelry, electronics and other valuables should be kept to a minimum or better yet, left at home. If you do decide to bring any of these items, please pack them, your passport and a sufficient supply of any prescription medications you are taking, in your carry-on luggage. Once in Israel, we suggest placing your valuables in the hotel safe and carrying your passport, camera and cash/credit cards with you at all times. Consider a small travel purse which can be worn comfortably messenger-style (across your body).
